HIKVISION

Windows Opening

Windows Roaming

Windows Division ($2 \times 2 = 4$)

PC Signal Displayed

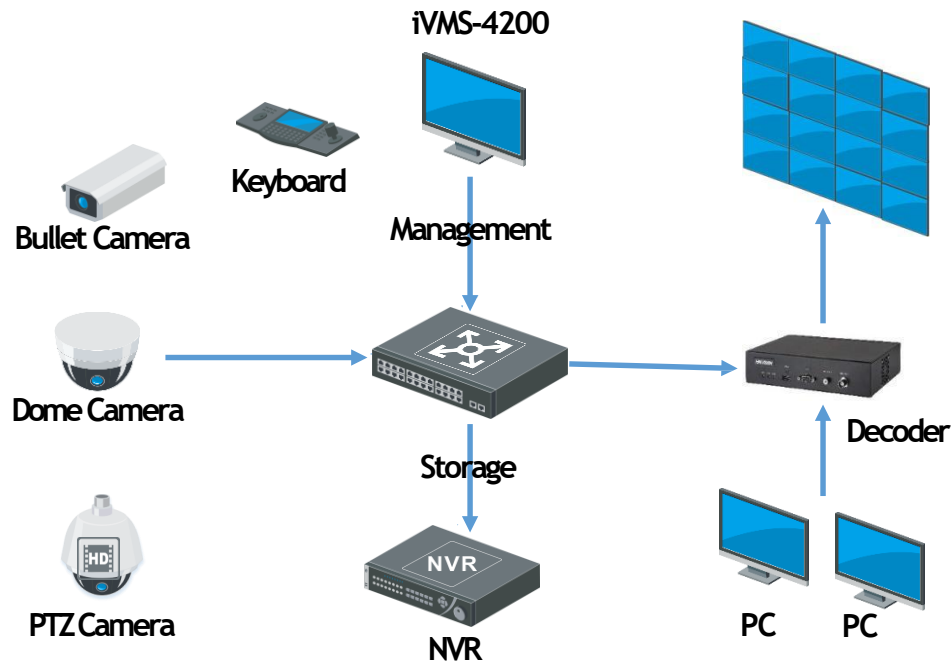

Hikvision Decoder Supports windows opening and windows roaming which make different screens like a whole screen .It supports maximum 16 pieces of screens . And It also supports Screen Split in 1/4/6/8/9/12/16/25/36 mode .

LCD Cost Effective Solutions

LCD Cost Effective Solutions

For Small Case

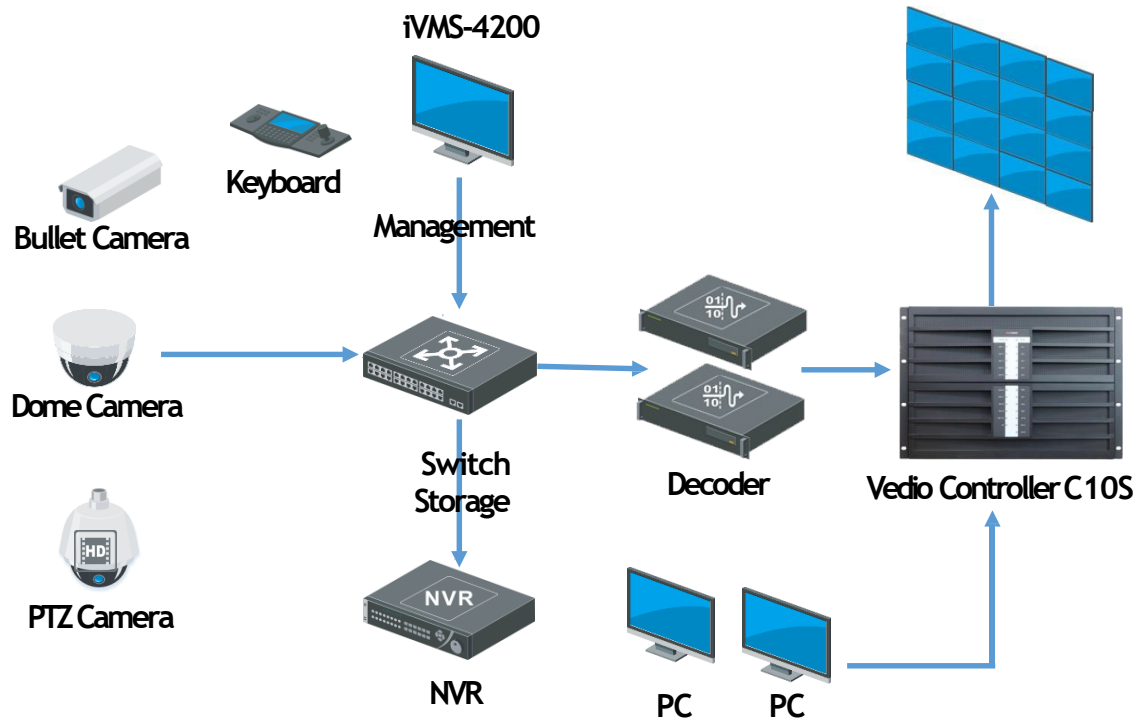

Decoder deployed case:

- ▶ Video wall $\leq 4 \times 4$
- ▶ Decoding ability ≤ 128 channels of 1080p
- ▶ Only one input HDMI or VGA signal

Device List	Model	Qty
LCD	DS-D2046NL-B	16
Decoder	DS-6916UDI	1
Keyboard	DS-1100KI	3
camera	2MP	120

LCD Cost Effective Solutions

For Medium & Large Case

Controller deployed case:

- ▶ Video wall > 4x4
- ▶ Decoding ability > 128 channels of 1080p
- ▶ More than one input signal: HDMI/VGA

Device List	Model	Qty
LCD	DS-D2046NL-B	16
Decoder	DS-6916UDI	1
Keyboard	DS-1100KI	3
camera	2MP	120

Transportation & Installation

Transportation & Installation

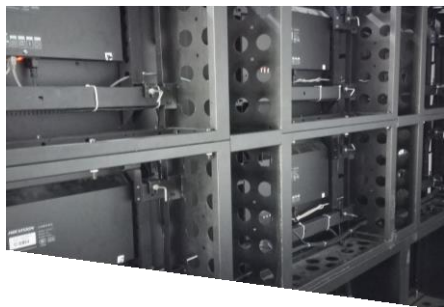

Installation

HIKVISION

Check First

Power on LCD video wall to check whether it is damaged or not after it reaches the site before installation
